A Home Before The Holidays

When you make your new home with BRG during this holiday season you are helping a military family in a time of need.

HELPING MILITARY FAMILIES

BRG Apartments would like to give back this holiday season by partnering up with the Fisher House Foundation. For every person that makes BRG their new home this season, BRG will make a \$50 donation to the Fisher House. Being locally owned and operated we care about our community and want to make sure everyone is close to their loved ones for the holidays.

Fisher House Foundation is best known for providing military families housing close to a loved one during hospitalization for an illness, disease or injury at no cost while the loved one is receiving treatment.
