Touching Lives with Compassion

Chris Stanley

Executive Director

Fisher/Nightingale Houses, Inc.

*Wright-Patterson AFB – the Birthplace,
Home and Future of aerospace....*

*but, did you know it is also the
birthplace of compassionate care
housing in the Department of Defense?*

The Wright-Patt Fisher Houses provide an opportunity for military families to stay together and support each other when a loved one is undergoing medical treatment. The Houses provide physical and emotional support to our servicemen and servicewomen and their families.

*The Wright-Patterson AFB Fisher
Houses assisted
950 Air Force, Army, Navy and
Marines (active duty, retired, Guard,
Reserve and veterans) and their
families in 2017!*

- “We have been here for 14 days and have enjoyed every minute of our time here. We have really enjoyed the hospitality of the whole staff. Our lives have been so stressed from everything we are going through, but the Fisher House is a wonderful place that has made us feel secure and welcome. Thank you from the bottom of our hearts.”

“Fisher House is the place I go for security and comfort. I sleep good here, and I feel safe to cry here. I get close to the Lord here. Fisher House makes my life easier in taking care of my needs so I can be there for my folks. Without this help I don’t think I could be with my parents. Please pass this blessing along as I have received so much for my family and I hope that maybe we will have support for the Fisher Houses so others can be helped too.”

“It’s hard to put in to words what being here has meant to us. It’s our Fisher ‘Home’ not ‘The Fisher House’. All of you and many of the other guests have become like family. We have been able to share our experiences (good and bad) with you all and know that we are not alone. Everything was so new and scary for us at first, but right away we felt at home here. As much as we may have thought we wanted to be at home in Wisconsin, I know now this is where we were supposed to have been. It means so much to us to have had your support and friendship during our stay; it has made a huge difference. I don’t want to think about what it would have been like if the Fisher House (all of you included) was not here for us – and so many others. Sometimes we forget about the reasons we are here and are just going on living our lives and sometimes the reasons are so in our face it’s hard to breathe...hard to see anything else. It’s then that we’d see your smiles or you would share a story or a place to visit that you’d think we would be interested in and things would seem ‘normal’ again. That is what it is all about; finding “normal” in the midst of all this craziness. Thank you with all of our hearts.”

The Beginning.....

- Foresight of Captain Gretchen Lizza
 - Involved and gained support of base leadership and private organizations
- Nightingale House opened in May 1990 as the first compassionate care facility in the Department of Defense
 - Converted base housing (enlisted duplex) across the street from the Medical Center

Captain (ret) Gretchen Lizza and family

Along come the Fishers

- Zachary and Elizabeth Fisher were asked to build one Ronald McDonald-type compassionate care house at Bethesda Naval Medical Center
 - Due to prior involvement with military, they agreed
 - Check and personal note to each family of service members killed in Marine HQ bombing in Beirut, Lebanon, following aircraft crash in Gander, Newfoundland and aboard the USS Iowa
 - Intrepid Sea, Air and Space Museum – New York City
 - First Fisher House opened in 1991
 - Now 76 Fisher Houses at 57 locations world-wide
 - More under construction now; and additional locations with a recognized need

“My thoughts of life have always been to do something in life that will outlast life. I was fortunate to find something that fulfills that goal completely.”

Houses

➤ Nightingale House

- Converted base house (two 3 bedroom units in a duplex)
- Eight bedrooms; four bathrooms; two half baths
- Two kitchens, two dining areas, two living rooms
- Not handicapped accessible
- Demolished in Feb 2011

Houses

- Fisher House I (opened in May 1994 at a cost of \$1M)
 - Five single bedrooms and two two-bedroom suites
 - Seven bathrooms; one half bath
 - Kitchen, dining area, living room and laundry
 - Gazebo

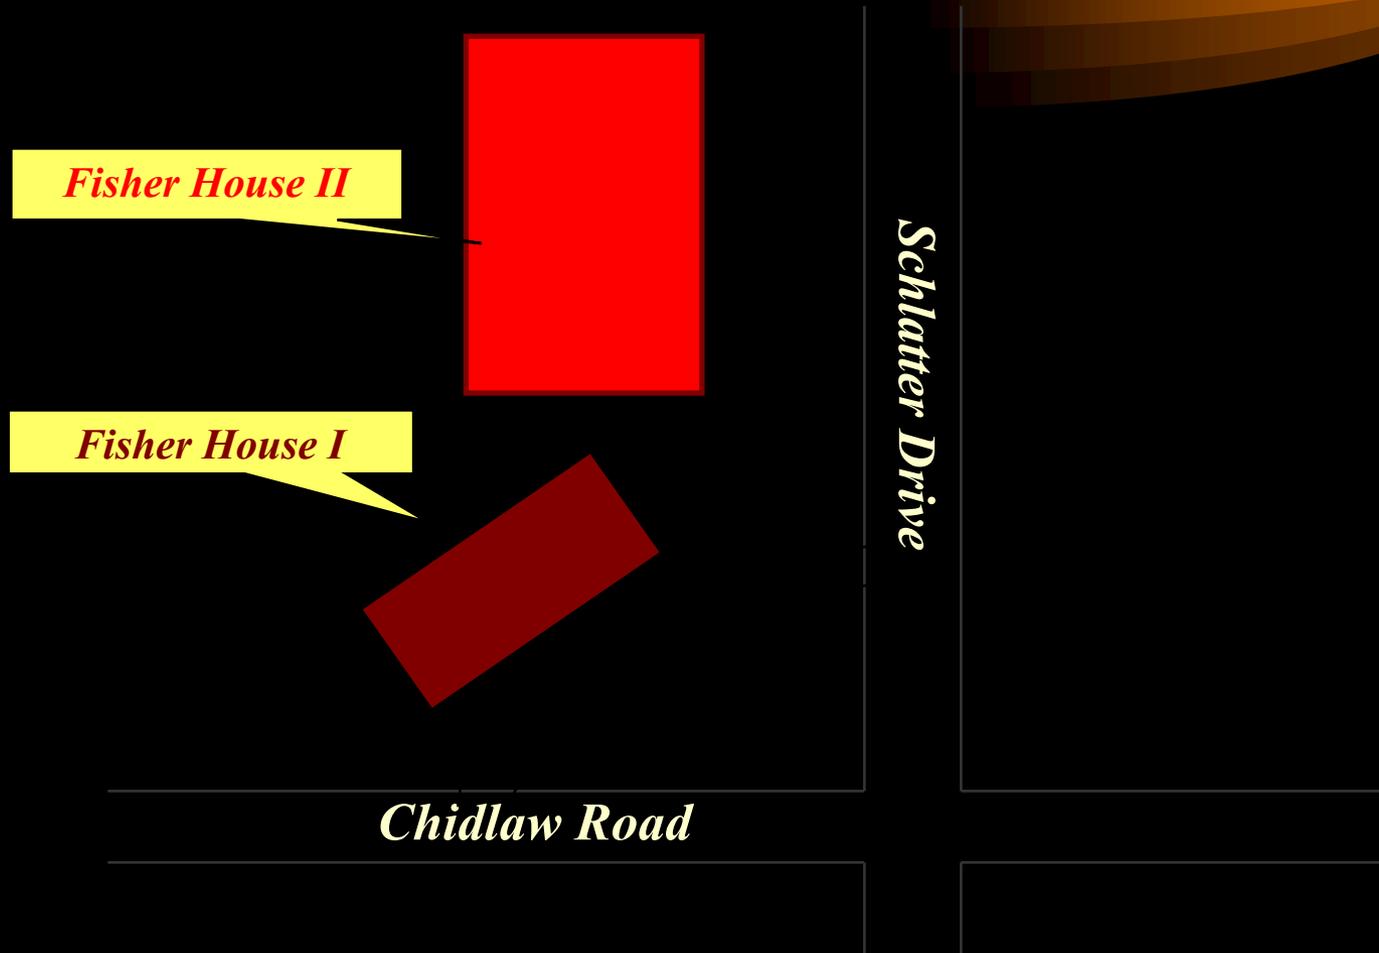

Wright-Patterson AFB's
newest Fisher House

Why a new Fisher House?

- The Nightingale House was a converted base house
 - From two three-bedroom units to an eight bedroom facility (including the conversion of the two garages into two bedrooms)
 - Compared to the current Fisher Houses, this house was constructed in 1975 and was not handicapped accessible
 - Two of the eight bedrooms had private baths; the other six bedrooms shared two small upstairs hallway baths
 - There were two small kitchens and two dining/living room areas

Location of the Fisher Houses

Fisher House II – opened in April 2011

- 12 bedrooms with 13.5 handicapped-accessible ADA compliant bathrooms
- 10,000 square feet
- Living room, family room, kitchen and dining room
- Expanded laundry capabilities
- Single story
- Manager's office

✓ Added 1,460 bed nights a year
(as we grew capacity from 17 bedrooms to 21 bedrooms)

Capital campaign....

- The cost of the new House was \$4M
- The Fisher House Foundation challenged the FNHI to raise \$1M towards the new House
 - Kicked off campaign in December 2007
 - Reached goal and went on to exceed the goal

Houses and occupancy.....

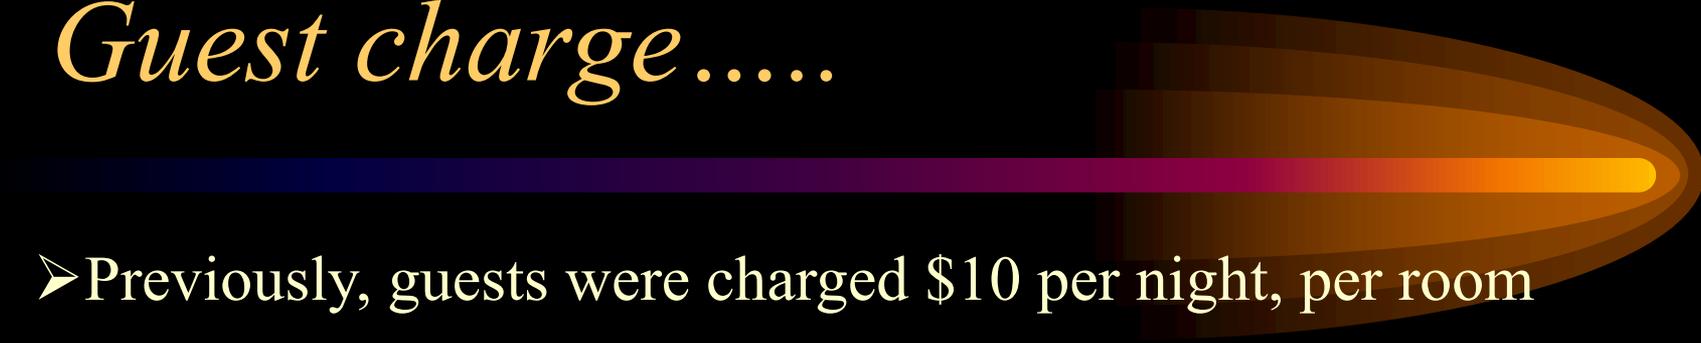

- Twenty-one bedrooms between the two Houses – equates to 7,665 bed nights a year
 - FH I: 2 two-bedroom suites; 3 w/two doubles; 6 w/2 singles (5 pullout chairs)
 - FH II: 8 w/one queen; 2 w/2 doubles; 2 w/two singles
- Average in excess of 95 percent occupancy
- Unfortunately, demand for rooms fluctuates and each month some families had to be turned away due to unavailability of space (based on a priority system) – this new House helps to alleviate this problem

Houses serve everyone.....

- In more than 28 years of operations, the Wright-Patterson AFB Fisher Houses have served over twenty thousand families
 - From all branches of the military
 - From stateside and overseas
 - Active duty, retired, Guard and Reserve and their families
- Average length of stay is 10 days
 - Some stay for only a day or two and others for months – even up to a year or more

Guest charge.....

- Previously, guests were charged \$10 per night, per room
 - In the event a family expressed concern about their ability to pay this nominal fee, the House Managers had the latitude to waive the fees for the guests and the Fisher/Nightingale Houses, Inc. then paid the waived fees, ensuring no family was turned away due to a financial situation
- In October 2006, the Fisher House Foundation started reimbursing the \$10 per-night guest fee – guests now stay in the Houses for free (and at no cost to taxpayers)

Volunteers key to our success.....

- In addition to small paid staff (1 full-time and 1 part-time manager; 2 full-time housekeepers), numerous volunteers support the House guests
 - Individual volunteers provided 862 hours of service to the Houses in 2017 and groups provided another 674 hours plus the popcorn volunteers who put in 1,150 hours
 - Utilizing the Independent Sector national volunteer rate of \$24.14 an hour, that's a \$64,834 savings!
 - Staff could not have supported guests without this unselfish giving of time (the most valuable resource)

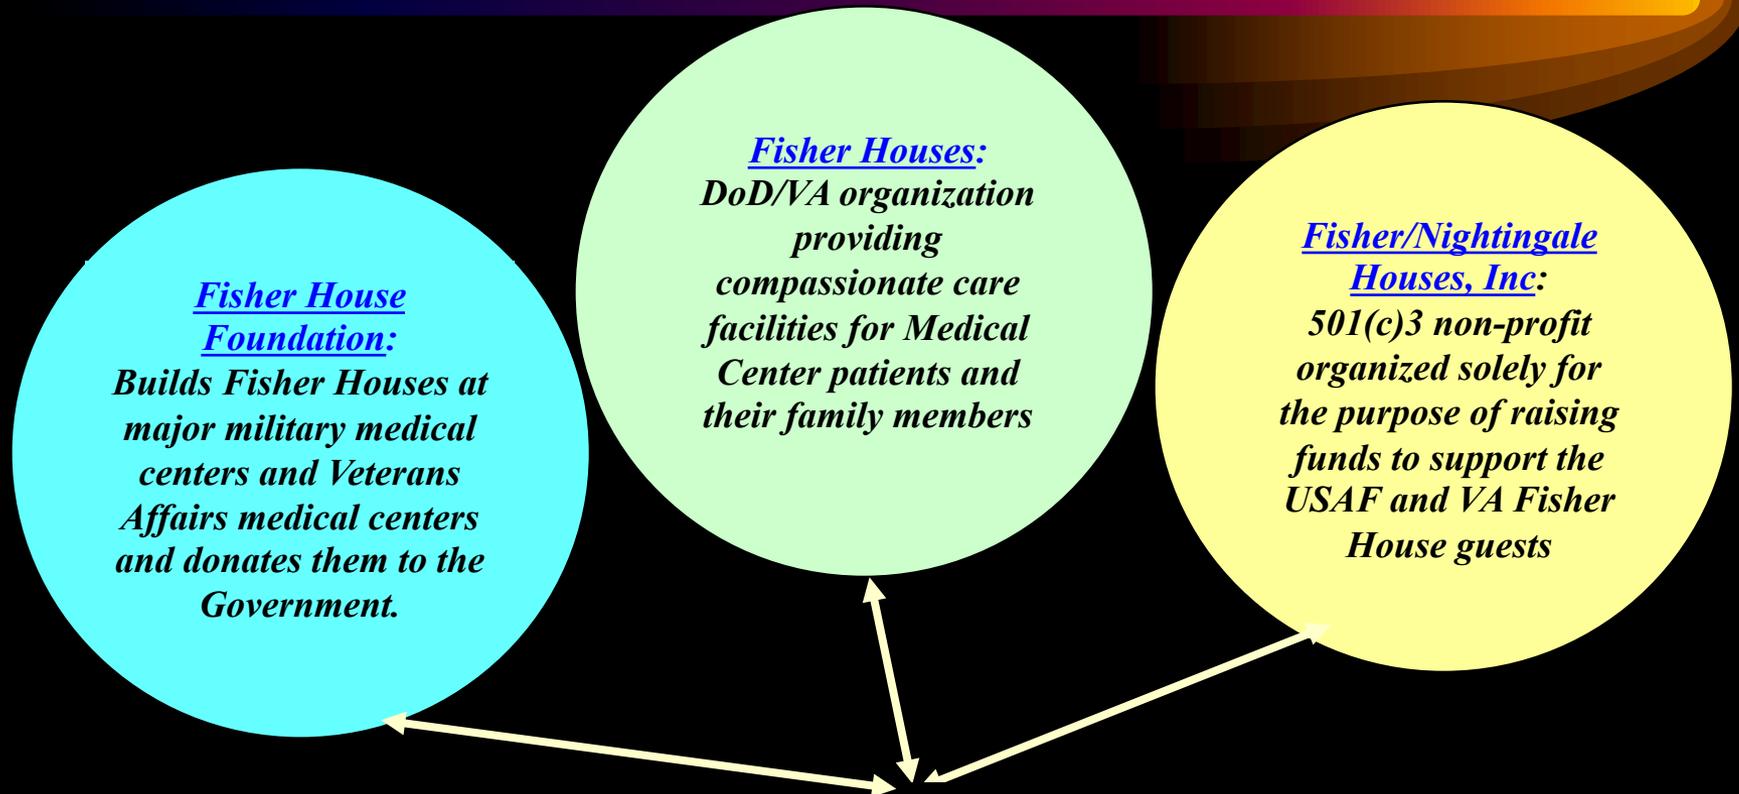

Fisher/Nightingale Houses, Inc.

- A private, 501(c)3 nonprofit, registered in the State of Ohio
- Registered with the Miami Valley Better Business Bureau Charitable Advisory Service
- Sole mission: raise funds to support compassionate care lodging for patients and their families receiving treatment at the Wright-Patt Medical Center

Government's involvement.....

- The Fisher Houses are owned, managed and supported financially by the Air Force and the Department of Defense
- The Fisher/Nightingale Houses, Inc. donates funds to the Air Force and Department of Defense each month to cover all costs associated with the day-to-day operation of the Houses
- The organization also donates additional funds, services, and items (large and small) to the Air Force and Department of Defense specifically in support of the Fisher Houses and their guests

Relationship of the Fisher House Foundation, the Fisher Houses and the FNHI.....

Shared goal: Provide the absolute best compassionate care facilities and support to the individuals receiving treatment and/or their family members.

How you can help.....

- It costs a good amount of money to operate the two Houses on Wright-Patterson Air Force Base and the new Dayton VA Fisher House.
- Thanks to generous supporters who gave generously last year, we were able to get the job done.
- The Fisher/Nightingale Houses, Inc. is *not* a government agency. Each year we wouldn't succeed without the generosity of caring Americans...like you!

How you can help.....

- Charitable donations to the Fisher/Nightingale Houses, Inc. help defray the day-to-day operational expenses of the Houses
 - Contributors can be
 - Organizations, both on-base and off-base
 - Corporations
 - Individuals

How you can help.....

- Based on the calendar year 2018 budget of expenses needed to support the operations of the Fisher Houses
 - A donation of \$31 will help one family spend a night in the Houses
 - A donation of \$93 will help three families
 - A donation of \$1,000 will help 32 families spend a night in the Houses
- Without your help to offset the day-to-day operational costs, the guest fee would be \$31 per night/per room

FNHI Financial Status - 2016

- In July 2017, Fisher/Nightingale Houses, Inc. received the final evaluation of the 2016 financial reports audited by Flagel, Huber, Flagel & Co.
 - Program expenses for 2016 were identified as \$126,853 – or 77.45% of total expenses. *(The Better Business Bureau (BBB) standard is that the organization must obligate at least 65% of its expenses to the Program expense area.)*
 - Fund-raising expenses for 2016 were identified as \$10,685 – or 6.52% of total expenses – and Administrative expenses for 2016 were identified as \$26,244 - or 16.02% of total expenses – for a total expense of \$36,929 – or 22.55% of total expenses. *(The BBB standard is that the organization must obligate no more than 35% of its expenses to Fund-raising and Administrative expense areas.)*
- However, as a percentage of total income, fund-raising and administration expenses were 3.95% – that means that more than \$.96 of every dollar raised was available for Program support.

FNHI Membership Program.....

- Established in 2002 – provides an opportunity to obtain one of three levels of membership in the Fisher/Nightingale Houses, Inc.
 - Supporter: 25 hours of volunteer service to the Houses; a donation from \$50 to \$250; a donation-in-kind valued at \$50 to \$250
 - Friend: 50 hours of volunteer service to the Houses; a donation of \$251 to \$500; a donation-in-kind valued at \$250 to \$500
 - Patron: 100 hours of volunteer service to the Houses; a donation of \$501 or more; a donation-in-kind valued at \$501 or more

Closing.....

- Most likely you know someone who has had to travel away from their home for some sort of medical treatment
- This can be traumatic enough, not to mention compounding the situation with finding a place to stay, the potentially high costs for the place to stay and food, as well as the loneliness of a hotel room
- Whether for a few days, a month or a year, this type of situation can wear on a family, financially, emotionally and physically
- For our servicemen and women and veterans and their families, that's where Fisher Houses step up to the challenge

“A Port In A Storm”

We came to a town we did not know,
Without a friend in sight;

With doors wide open, arms out stretched,
You bid us stay the night.

Others who were far from home
Had lit upon your door

And having similar hopes and fears,
Shared comfort, smiles and more.

You touch the lives of this who stay –
A shelter in the storm,

For lives in chaos, fear and strife,
A haven, safe and warm.

*Valerie Brooks
Mother of Ryan Hall, Naval Seaman Recruit
A Fisher House Guest, Bethesda Maryland,

It's time to help.....

In a national poll, Americans placed the highest level of confidence in the U. S. military (of all institutions).

At this time in our country's history, we're asking more of our Armed Forces than we have for a generation. Our military members have risen to meet *their* challenges magnificently!

Can we count on you to help us meet *our* challenge....to show each of these wonderful men and women and their families *how much we appreciate them?*

Fisher Houses provide an invaluable service to military men and women and veterans and their families – won't you consider reaching out a caring hand to help a military or veteran family today?

Consider helping, please.....
